

## **JOURNEYMAN ELECTRICIAN**

Ocean Choice International, one of Atlantic Canada's most diversified seafood companies, producing and marketing a full range of shellfish, groundfish and pelagics species throughout the world, is presently accepting applications for the position of **Journeyman Electrician** for electrical maintenance, service and installation for its St. Lawrence facility.

Typical duties include, but are not limited to, the preparation and/or modification of new electrical construction, mainly commercial and industrial as well as preventive and corrective maintenance. Service upgrades as well as attending to service calls as they arise with respect to processing equipment.

Responsibilities include but are not limited to, ability to work independently as well as ability to troubleshoot electrical systems, install high and low voltage systems and have a knowledge and understanding of computer systems, control boards, plc's, vfd's and pid's and microprocessors. Must be able to work in a schedule-driven environment, meet deadlines, and manage workload.

Individual should have a knowledge and understanding of Canadian Electrical Code, hold a valid Canadian driver's license with a good driving record, excellent communication skills both written and verbal.  
Rate: \$19.58 per hour 48 hours per week.
